

Industrial Forum organized within Graphene Canada 2015

Recent advances in technology developments and business opportunities in graphene commercialization

Madrid (Spain): July 16, 2015

Mid October, the **Graphene & 2D Materials Canada 2015** International Conference & Exhibition (www.graphenecanada2015.com) will take place in Montreal (Canada).

On the second day of the event (15th October, 2015), an **Industrial Forum** will bring together top industry leaders to discuss recent advances in technology developments and business opportunities in graphene commercialization.

At this stage, the event unveils 38 keynote & invited speakers. On the Industrial Forum 19 of them will present the latest in terms of Energy, Applications, Production and Worldwide Initiatives & Priorities.

Plenary:

Gary Economo (Grafoid Inc., Canada)
Khasha Ghaffarzadeh (IDTechEx, UK)
Shu-Jen Han (IBM T.J. Watson Research Center, USA)
Bor Z. Jang (Angstrom Materials, USA)
Seongjun Park (Samsung Advanced Institute of Technology (SAIT), Korea)
Chun-Yun Sung (Lockheed Martin, USA)

Parallel Sessions:

Gordon Chiu (Grafoid Inc., Canada)
Jesus de la Fuente (Graphenea, Spain)
Mark Gallerneault (ALCERECO Inc., Canada)
Ray Gibbs (Haydale Graphene Industries, UK)
Masataka Hasegawa (AIST, Japan)
Byung Hee Hong (SNU & Graphene Square, Korea)
Tony Ling (Jestico + Whiles, UK)
Carla Miner (SDTC, Canada)
Gregory Pognon (THALES Research & Technology, France)
Elena Polyakova (Graphene Laboratories Inc, USA)
Federico Rosei (INRS-EMT, Université du Québec, Canada)
Aiping Yu (University of Waterloo, Canada)
Hua Zhang (MSE-NTU, Singapore)

Apart from the industrial forum, several industry-related activities will be organized:

- Extensive **thematic workshops** in parallel (Standardization, Materials & Devices Characterization, Bio & Health and Electronic Devices)
- An **exhibition** carried out with the latest graphene trends (Grafoid, RAYMOR NanoIntegris, Nanomagnetism Instruments, ICEX and Xerox Research Centre of Canada (XRCC) already confirmed)
- **B2B meetings** to foster technical cooperation in the field of Graphene

It's still possible to contribute to the event with an **oral presentation**. The call for abstracts is open until **July, 20**.

Graphene Canada 2015 is already supported by Canada's leading graphene applications developer, Grafoid Inc., Tourisme Montréal and Université de Montréal.

Organisers: Phantoms Foundation www.phantomsnet.net & Grafoid Foundation (lead organizers)

CEMES/CNRS (France) | Grafoid (Canada) | Catalan Institute of Nanoscience and Nanotechnology - ICN2 (Spain) | IIT (Italy) | McGill University, Canada | Texas Instruments (USA) | Université Catholique de Louvain (Belgium) | Université de Montreal, Canada
